

RCLS April Culture Class Teacher of Month

Sherry Liu 劉玉雪

RCLS is proud to announce our April Culture Class Teacher of Month – Chinese knotting teacher Sherry Liu to our RCLS families. Ms. Liu has been RCLS Chinese knotting teacher since spring 2007. Ms. Liu is very patient with her students. She usually has big class with a lot of students. However, she likes to teach each one of them individually based on their skill level. So, she will be the very last one leaving the administration building because she will have extended minutes to help her students to finish their products. Her students and their parents speak highly about the way Ms. Liu teaches Chinese knotting:

“She is very well organized to teach her students in the class.”

“She is very patient. She always dedicates all her time to her students in the class.”

“She is always the last person to leave school.”

You can see why Ms. Liu is the winner of our April Culture Class Teacher of Month based on what parents and students are speaking of her teaching. RCLS is glad to have her as one of our outstanding teachers. We will like to congratulate Ms. Liu and wish she can continue her excellent teaching performance inside and outside her classroom.
